

**MARIE SKLODOWSKA-CURIE INDIVIDUAL FELLOWSHIP (MSCA-IF)
AT THE INSTITUTE FOR MEDITERRANEAN STUDIES,
FOUNDATION FOR RESEARCH AND TECHNOLOGY HELLAS (FORTH)**

The GeoSat Research Lab, Institute for Mediterranean Studies, Foundation for Research and Technology Hellas, located in Rethymno / Crete / Greece, is looking for a passionate postdoc to apply for EU Marie Sklodowska-Curie Individual Fellowships (MSCA-IF) program, within the following thematic areas:

- Satellite Remote Sensing
- Geographical Information Systems (GIS)
- UAV/Drone
- Geomorphology / Physical Geography
- Archaeology
- Landscape ecology

All these technologies and scientific approaches can be applied individually or simultaneously for both environmental surveillance and archaeological prospection.

The Lab of IMS has been the first in the area of Eastern Mediterranean offering an integrated and specialized suite of tools dealing with the remote sensing (satellite, UAV, aerial, SAR, ground based) prospection and GIS management of environmental resources and cultural heritage monuments.

Supervisor: Dr. Dimitrios Alexakis

<https://www.ims.forth.gr/en/profile/view?id=97>

Proposal deadline: September 09, 2020.

Eligibility: Proposals are open to researchers of all nationalities (EU and non-EU).

Duration: Between 12 and 24 months.

If you are interested in applying for MSCA-IF, please submit an Expression of Interest (CV and brief description of your research area) by email to: dalexakis@ims.forth.gr.
